WHEREAS, I, Jan Otto Solem, residing at Wallenrutistrasse 14, CH 8234 Stetten SH, Switzerland, have made an invention entitled:

"DELAYED MEMORY DEVICE"

and filed the patent applications listed in Attachment A therefor; and

WHEREAS, Syndea AB, a company organized and existing under the laws of Sweden and having an address of c/o Solem, Mäsvagen 16 B, 22733 Lund, Sweden, is desirous of acquiring the entire interest in said invention, said patent applications and in any Letters Patents which may issue thereon;

NOW, THEREFORE, be it known that for and in consideration of the sum of one Swedish Crown (SEK 1.00) paid, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I do hereby sell, assign and transfer unto the said Syndea AB, its successors, assigns and legal representatives, (1) all right, title and interest in and to every patent application filed or to be filed on said invention in any other country, including renewals, revivals, extensions, reissues, reexaminations, continuations and divisions thereof, and any substitute applications therefor; (2) the full and complete right to file patent applications in my name on the aforesaid inventions, discoveries and applications in all countries of the world; (3) the entire right, title and interest in and to any Letters Patent which may issue on the aforesaid

inventions, discoveries and applications in any country of the world and any renewals, revivals, reissues, reexaminations and extensions thereof, and any patents of confirmation, registration and importation of the same; and (4) the entire right, title and interest in and to all Convention and Treaty Rights of all kinds thereon, including without limitation all rights of priority in any country of the world, in and to the following priority application:

I hereby authorize and request the competent authorities to grant and to issue any and all such Letters Patent in any country throughout the world to Syndeon AB as the assignee of the entire right, title and interest therein, as fully and entirely as the same would have been held and enjoyed by me had this assignment, sale and transfer not been made.

I agree, at any time, upon the request of Syndeon AB to execute and to deliver to Syndeon AB any additional applications for patents for said inventions and discoveries, or any part or parts thereof, and any applications for patents of confirmation, registration and importation based on any Letters Patent issuing on said inventions, discoveries or applications, and divisions, continuations, renewals, revivals, reissues, reexaminations and extensions thereof.

I further agree, at any time, upon request of Syndeon AB to execute and to deliver to Syndeon AB such additional documents, if any, as are necessary or desirable to secure patent protection on said inventions, discoveries and applications throughout all countries of the world, and otherwise to do the necessary to give full effect to and to perfect any and all rights of Syndeon AB under this

Assignment, including the execution, delivery and procurement of any and all further documents evidencing this assignment, transfer and sale as may be necessary or desirable.

WHEREAS, I. Erwin Berger, residing at Trottenackerstraße 4, 9807 Stettfurt, Germany, have made an invention entitled:

DEVICE AND METHOD FOR TREATMENT OF MITRAL INSUFFICIENCY

and filed the patent applications listed in Attachment A  
thereof; and

WHEREAS, JOMED N.V., a company organized and existing under the laws of the Netherlands and having an address of Scrawinskylaan 2001, 107722 Amsterdam, the Netherlands, is desirous of acquiring the entire interest in said invention, said patent applications and in any Letters Patents which may issue thereon;

NOW, THEREFORE, be it known that for and in consideration of the sum of One Euro paid, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I do hereby sell, assign and transfer unto the said JOMED N.V., its successors, assigns and legal representatives, (1) all right, title and interest in and to every patent application filed or to be filed on said invention in any other country, including renewals, revivals, extensions, reissues, reexaminations, continuations and divisions thereof, and any substitute applications therefor; (2) the full and complete right to file patent applications in my name on the aforesaid inventions, discoveries and applications in all countries of the world; (3) the entire right, title and interest in and to any Letters Patent which may issue on the aforesaid inventions, discoveries and applications in any country of the world and any renewals, revivals, reissues, reexaminations and

extensions thereof, and any patents or confirmation, registration and importation of the same; and (e) the entire right, title and interest in and to all Convention and Treaty Rights of all kinds thereon, including without limitation all rights of priority in any country of the world, in and to the following priority applications:

application no.	country	filing date

and all rights of priority in any country of the world deriving from the above-identified International Patent Application.

I hereby authorize and request the competent authorities to grant and to issue any and all such Letters Patent in any country throughout the world to JONED N.V. as the assignee of the entire right, title and interest therein, as fully and entirely as the same would have been held and enjoyed by me had this assignment, sale and transfer not been made.

I agree, at any time, upon the request of JONED N.V. to execute and to deliver to JONED N.V. any additional applications for patents for said inventions and discoveries, or any part or parts thereof, and any applications for patents of confirmation, registration and importation based on any Letters Patent issuing on said inventions, discoveries or applications and divisions, continuations, renewals, revivals, reissues, reexaminations and extensions thereof.

I further agree, at any time, upon request of JONED N.V. to execute and to deliver to JONED N.V. such additional documents, if any, as are necessary or desirable to secure patent protection on said inventions, discoveries and applications throughout all countries of the world, and otherwise to do the necessary to give full effect to and to perfect any and all rights of JONED N.V. under this Assignment.

including the execution, delivery and procurement of any and all further documents evidencing this assignment, transfer and sale as may be necessary or desirable.

IN TESTIMONY WHEREOF, I have hereunto signed my name on the date indicated hereinafter.

**SCHEDULE F****DEED OF ASSIGNMENT**  
**PATENTS**

WHEREAS, Valvida AB, a company, incorporated, organized and validly existing under the laws of Sweden, with address Schistedsгатan 1, 254 39 Helsingborg, Sweden ("VALVIDA"), as owner of the patents and patent applications in the inventions "device and method for treatment of mitral insufficiency", "device and method for treatment of atriocentric regurgitation" and "delayed memory device", also identified in Exhibit A attached herewith, has assigned these patents and applications to ASSIGNOR by the three assignment agreements concerned, all signed on November 29, 2002 (copies of these assignments agreements attached as Exhibit B, C and D);

WHEREAS, Sydeon AB, a company, incorporated, organized and validly existing under the laws of Sweden, with address Schistedsгатan 1, 254 39 Helsingborg, Sweden ("SYNDEON"), as owner of a part of the patents and patent applications in the inventions "device and method for treatment of mitral insufficiency" and "delayed memory device", also identified in Exhibit A attached herewith, has assigned these patents and applications to ASSIGNOR by the two assignment agreements concerned, all signed on November 29, 2002 (copy of this assignment agreement attached as Exhibits E and F);

WHEREAS these abovementioned assignments of patents and patent applications have not yet been recorded in the name of ASSIGNOR at the Patent Offices concerned;

WHEREAS, Jomed N.V., a limited liability company (naamloze vennootschap), incorporated, organized and validly existing under the laws of the Kingdom of the Netherlands, with its statutory seat in Amsterdam and with its principal office at Bamfordweg 1, (6235 NS) Ulestraten ("ASSIGNOR"), is the owner of the patents and patent applications identified in Exhibit A attached herewith ("Patents");

WHEREAS ASSIGNOR has sought protection from its creditors, pursuant to which on January 23, 2003, the Amsterdam District Court has granted Jomed NV a preliminary suspension of payments under the Netherlands Bankruptcy Act;

WHEREAS, Edwards Lifesciences AG, a limited liability company incorporated, organized and validly existing under the laws of Switzerland, with its statutory seat in Horw, Switzerland, with address: Au Glapin, 1162 Saint-Prex, Switzerland ("ASSIGNEE") is the purchaser of certain business assets of ASSIGNOR, including the Patents, pursuant to an Asset Sale and Purchase Agreement;

NOW, THEREFORE, by this Deed Of Assignment:

1. In accordance with said Asset Sale and Purchase Agreement, ASSIGNOR hereby sells, assigns and transfers to ASSIGNEE all title and interest in said Patents, whether filed with a Patent Office or not, including the inventions and improvements described therein, and divisionals, continuations, continuation-in-part thereof, any patent applications claiming priority therefrom, any letters patent that may be granted thereon, any rights of priority, and any reissues, reexaminations

and extensions thereof; and the entire right, title and interest in said inventions and improvements in any and all countries throughout the world, and to all letters patent and all convention and Treaty rights of all kinds, in all countries throughout the world, for the subject matter of said Patents and Applications.

2. VALVIDA, SYNDEON and ASSIGNOR agree to sign all documents necessary and to provide all original documents, at the first request of ASSIGNEE, in order, and hereby authorize ASSIGNEE (i) to record (the assignment of) the Patents in the name of ASSIGNEE at the patent offices concerned, and (ii) to secure all said Patents and letters patent and rights, and to request issuance of all said letters patent to the above ASSIGNEE in accordance with this assignment and transfer. VALVIDA, SYNDEON and ASSIGNOR shall procure that all inventors of the Patents and other parties, which appear to be the (former) applicants and/or the (former) registered owners of the Patents, will sign and provide all (original) documents necessary to record the assignment of the Patents in the name of ASSIGNEE.

3. VALVIDA, SYNDEON and ASSIGNOR further grant to ASSIGNEE the right to sue others for any past infringement of said Patents. ASSIGNOR does not guarantee that the Patents are and will remain valid and/or that (any use of or embodiments covered by or disclosed in) the Patents are free from infringement or violation of any third party's rights. ASSIGNOR will not be liable towards ASSIGNEE in respect of any claims of third parties based on alleged infringements on any rights of such third party, nor if one of the Patents would be declared null and void by any Court order. ASSIGNOR does guarantee however that, at the execution of this Deed, he is not aware of any claims of third parties regarding infringement in relation to or nullity and voidness of the Patents.

IN WITNESS WHEREOF, duly authorized officers of, VALVIDA, SYNDEON and ASSIGNOR have executed this instrument, as of February 14, 2003:

WHEREAS, I, Per Ola Kimblad, residing at Saturnusgatan 9, 22457 Lund, Sweden, have made an invention entitled:

"DELAYED MEMORY DEVICE"

and filed the patent applications listed in Attachment A therefor; and

WHEREAS, Valvida AB, a company organized and existing under the laws of Sweden and having an address of Saturnusgatan 9, 22457 Lund, Sweden, is desirous of acquiring the entire interest in said invention, said patent applications and in any Letters Patents which may issue thereon;

NOW, THEREFORE, be it known that for and in consideration of the sum of one Swedish Crown (SEK 1.00) paid, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I do hereby sell, assign and transfer unto the said Valvida AB, its successors, assigns and legal representatives, (1) all right, title and interest in and to every patent application filed or to be filed on said invention in any other country, including renewals, revivals, extensions, reissues, reexaminations, continuations and divisions thereof, and any substitute applications therefor; (2) the full and complete right to file patent applications in my name on the aforesaid inventions, discoveries and applications in all countries of the world; (3) the entire right, title and interest in and to any Letters Patent which may issue on the aforesaid

inventions, discoveries and applications in any country of the world and any renewals, revivals, reissues, reexaminations and extensions thereof, and any patents of confirmation, registration and importation of the same; and (4) the entire right, title and interest in and to all Convention and Treaty Rights of all kinds thereon, including without limitation all rights of priority in any country of the world, in and to the following priority application:
